A NOTE ABOUT "ABILITY LEVEL" DESIGNATIONS

In past years, we have had occasional concerns that workshop ability level ratings lacked consistency and predictability. To help alleviate associated frustration (most often stemming from students having neither the experience nor the learned skills necessary to successfully complete the basket), the Basketry faculty has adopted the following ranking criteria for categorizing their offerings & for self-evaluation:

BEGINNER: NO or LIMITED skills & techniques. Have not completed any baskets prior to enrollment.

INTERMEDIATE: SEVERAL skills & techniques. Have completed baskets encompassing 1-2 different types of techniques & mat 'ls.

ADVANCED: MANY skills & techniques. Have completed a wide variety of baskets encompassing many types of tech 's & mat 'ls.

If contemplating enrollment in a workshop that features a technique NEW TO YOU, please re-evaluate your skill level downward one category.
